

DTLink Inc

Federal Communications Commission - Note

Products DTLink WDS UV Fire Detector, DTLink WDS Gateway, DTLink WDS Fire Cell

The above products have been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the U.S. FCC Rule.

These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. These devices generate, use, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications.

Operations of these devices in a residential area is likely to cause harmful interference, in which case the user will be required to correct the interference at his expense.
